Lesson six Phrasal verbs with OVER

Exercise one

11

Listen

A sudden feeling of tiredness **came over** him after 40 years of hard work and he decided to **turn over** the family business to his sons. Some time ago a big company had threatened to **take over** his small business but he happily **got over** the difficulties in time and the danger **was** already **over**.

For the last time in his life he **looked over** the documents on the desk, **went over** the latest accounts to check if everything was OK, and then left the office glad of the decision he had made.
